Year 12 Application Form September 2021 - NOTES

www.princewilliamschool.co.uk

You must read all the information on this notes pages carefully. It provides information on the courses and subjects available for September 2021 and the people who can help you complete this form.

The application form must be completed and handed in to your tutor by Monday 14 December 2020

Section 1: Personal Details

This section contains personal details which will ensure a smooth transition from Year 11 into the Sixth Form.

Section 2: Target Grades

To ensure that you are selecting subjects at the appropriate level, please complete this table with the subjects you are currently taking and your target grades. Entry requirements for courses will include the Average Point Score (APS) for Key Stage 4 and subject specific criteria. Prince William Students will already have their Average Point Score and so can simply enter this in the "Target average points score (APS)" on the application form. External students should use the information below to work out their Average Point Score.

To calculate your APS **add** together the value of each of your target grades and **divide** by the number of subjects you are taking (see below). If you are taking fewer than 8 subjects, then you must still divide the total by 8. You may be taking a programme that includes vocational courses. Count each course as the equivalent of one GCSE. These must be taken into account when calculating your APS.
