You must read all the information on this application form carefully. It provides information on the courses and subjects available for September 2019 and the people who can help you complete this form.

The following notes will help you complete the application form:

Section 1: Personal Details

This section contains personal details which will ensure a smooth transition from Year 11 into the Sixth Form.

Section 2: Target Grades

To ensure that you are selecting subjects at the appropriate level, please complete this table with the subjects you are currently taking and your target grades. Entry requirements for courses will include the Average Point Score (APS) for Key Stage 4 and subject specific criteria.

To calculate your APS **add** together the value of each of your target grades and **divide** by the number of subjects you are taking (see below). If you are taking fewer than 8 subjects, then you must still divide the total by 8. Do not include Religious Education in your calculation.

You may be taking a programme that includes BTECs. Count each course as the equivalent of one GCSE. These must be taken into account when calculating your APS. **Please refer to the 2019 Course Entry Criteria for guidance as to which programmes and courses you are eligible to apply for. These will be available on each Subject information sheet.**
